● All products listed can be recycled through waste-to-energy plants

Our commitment to a sustainable future.

### Certification

We curate our range of greenHVG products to ensure we meet and uphold industry best practice, by upholding globally recognised sustainability certifications.

### Sustainability

We partner with suppliers who actively pursue manufacturing practices towards a more sustainable future.

### PVC Free

Our range of industry leading PVC alternatives provides you with the power of more sustainable choices.

### Recycling

Through sourcing sustainable supply alternatives, distributing green offerings to the end user, and promoting pathways for recycling and reuse, we are able to close the loop in our supply chain.
