

# StreetArt

## Outdoor Floor Graphics Film

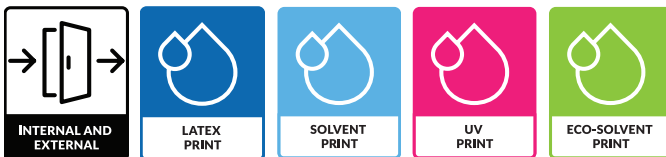

WHITE TEXTURED

### PRODUCT DATASHEET

|                                  |  |
|----------------------------------|--|
| <b>Description</b>               | StreetArt is a highly textured, printable white faced outdoor floor graphic film. The construction allows the film to conform and adhere to rough surfaces when applied with pressure and rivet brush or stiff broom. Intended for outdoor applications such as pedestrian walkways, concrete sidewalks and asphalt areas such as landings and platforms, StreetArt is designed for durability and is direct printable removing the need for overlaminating. |
| <b>Material</b>                  | 100% Aluminum/White/Embossed Bead Matte with a silver reverse<br>360 micron ± 40 (incl. adhesive)  |
| <b>Adhesive type</b>             | 220 micron clear high-tack permanent adhesive  |
| <b>Liner</b>                     | 50 micron ± 10 kraft liner   |
| <b>Slip rating</b>               | P5 unprinted AS 4586:2013.   |
| <b>Available width</b>           | 1220mm   |
| <b>Print compatibility</b>       | Eco-solvent, Solvent, Latex and UV inks.   |
| <b>Life expectancy</b>           | Outdoor durability up to 3-6 months, pending installation location, aspect, & environmental conditions. Longevity is provided as a guideline only, and can be influenced by many variables including, but not limited to, processing techniques, surface preparation, vertical or horizontal exposure, aspect, exposure to UV & environment.   |
| <b>Print compatibility</b>       | Printable with Eco-solvent, Solvent, Latex and UV inks.  |
| <b>Storage &amp; best before</b> | Should be kept in clean dry conditions, stored and processed between 20-24 degrees Celsius at 30% – 70% RH. Best used within 12 months from date of manufacture. Always keep product in original packaging away from direct sunlight. Condition rolls to print room at least 24 hours prior to printing.   |
